## EDUCATION REPORT OCTOBER 2024

Since the last report there has been no training activity occur.

I have been working on what form promotion of upcoming Foundation Licence Course might take. I am planning on advertising an information session in the first instance, to gauge the level of interest out there. The year is fast getting away so I may aim for early new year, rather than November or December.

That's all for this month.

Tim VK5AV  
SERG Education Officer.
