Number of Transmitters 10

## **Event 2 ARDF Style Road Event**

Time 1300 - 1500

Frequency 146.525

This event is based on an ARDF foot event. 4 Transmitters on the same frequency will transmit 30sec on, 90sec off each in sequence so that only one transmitter is on at a time. Each transmitter will be uniquely identified by a morse code ident. Competitors will be released one at a time at 2min intervals, to prevent follow the leader and start congestion. Competitors waiting to depart will not be allowed to enter their vehicles until 15sec prior to their departure time. Time of departure will be recorded as will the time of arrival at the designated finish line. All competitors will be required to record information at each site to prove they have found each of the 4 transmitters. Other tokens may also be employed. The transmitters can be found in any order. Competitors may be required to carry a GPS logger on their vehicles. Competitors are required to restrict themselves to 100km/hr. Competitor achieving identical times will be scored equal
