Repeater report for 15/5/2026

Any work on the VK5RMG site is on hold at present as the forest company is harvesting pines and visitors to The Bluff are discouraged. Nick has been able to do the jobs for the FM station as per our contract but otherwise we're keeping away. Probably means that it will be late May before we can have normal access.

Those listening to VK5RMG will often hear time out "TO" messages come through the system when the button is dropped. This is because one of the repeaters has its timer set to 3 minutes while VK5RMG and VK5RNC have 5 minutes set. Some of us, including me, seem to have overs a little longer than 3 minutes so we time out a repeater further down the line. My guess is Willalooka. Fairly sure Mt Richmond is 5mins.

That's all for this month.

Cheers

John
