SERG Education Report AGM August 2026

I believe we have had a successful year in the Education area, with a number of training sessions being held, leading up to 3 separate exam events, the most recent being in the last fortnight, resulting in success for all 5 candidates. These were all Foundation level exams. There were no Standard, Advanced or Regulations exams attempted this year.

There was an approach by Scouts to run some training for them, however despite trying to be in touch with them, nothing has come of that.

There are some other potential candidates that I have corresponded with which may lead to future exams.

On a side note. I have continued my work on the WIA Education Committee where I am hopefully contributing to a greater collective effort for the Amateur fraternity.

I might take this opportunity to remind members that sitting an upgrade exam (Standard, Advanced,

Regulations) cost nothing. You pay for a new certificate once you pass. If you don't pass you can resit in 3 months time.

I am willing to stand again as Education Officer for the coming year, but am always open to others taking the role on if so desired.

Tim VK5AV

SERG Education Officer.
